

CLECO CELLCLUTCH BATTERY POWERED NUTRUNNERS

The CellClutch nutrunners series represents the latest innovation in cordless clutch tools. Intelligent clutch-controlled nutrunners offer a simple mechanical clutch, programmable tightening speed, and batch counting. Work efficiency is enhanced by a built-in workpiece light, "ok/not ok" indicator light, and a colored light showing the status of batch counting.

The CellClutch wrench is available with WiFi and Bluetooth connectivity, allowing the wrench to connect to a control unit. This enables the wrench to be integrated into a larger assembly and facilitates effortless collection of tightening data.

ANGLE MODELS

Item	Torque range Nm	Free speed rpm	Weight kg	Length mm	Height mm	Drive
CLBA083	2,2 - 8	92 - 915	1,5	453	76	3/8" SQ
CLBA123	3,3 - 12	65 - 650	1,5	453	76	3/8" SQ
CLBA203	8,3 - 21	36 - 360	1,8	493	76	3/8" SQ
CLBA303	8,3 - 30	26 - 255	1,8	493	76	3/8" SQ
CLBA403	15,1 - 41	19 - 185	1,9	514	76	3/8" SQ
CLBA653	15,9 - 65	12 - 115	2	526	76	3/8" SQ

PISTOL MODELS

Item	Torque range Nm	Free speed rpm	Weight kg	Length mm	Height mm	Drive
CLBP04Q	1,1 - 4	177 - 1 500	1,1	218	209	1/4" QC
