

# HAND TORQUE WRENCHES ELECTRONIC

**Norbar ProTronic and ProTronic Plus are electronic torque wrenches with angle measurement. ProTronic and ProTronic Plus measure both angle and torque. The torque wrench can also be connected to a mobile application via Bluetooth.**

- | Compatible with Norbar's extensive range of wrench heads
- | Accuracy:  $\pm 1\%$  in the 20-100% torque range,  $\pm 2\%$  in the 10-19% torque range
- | Calibrated accuracy for angle measurement  $\pm 1\%$
- | Delivered with an individual torque and angle calibration certificate
- | Display for reading values and angles
- | The device provides an audiovisual and vibration alert when the target torque is reached
- | ProTronic Plus can be connected to an application via Bluetooth

| Item                  | Model              | Torque Range Nm | Drive | Length mm | Weight kg |
|-----------------------|--------------------|-----------------|-------|-----------|-----------|
| <b>ProTronic</b>      |                    |                 |       |           |           |
| 130517                | ProTronic 100      | 5 - 100         | 3/8"  | 458       | 1,2       |
| 130518                | ProTronic 100      | 5 - 100         | 1/2"  | 462       | 1,3       |
| 130519                | ProTronic 200      | 10 - 200        | 1/2"  | 650       | 1,7       |
| 130520                | ProTronic 340      | 17 - 340        | 1/2"  | 749       | 1,9       |
| <b>ProTronic Plus</b> |                    |                 |       |           |           |
| 130524                | ProTronic Plus 9   | 0,45 - 9        | 1/4"  | 190       | 0,2       |
| 130522                | ProTronic Plus 10  | 0,5 - 10        | 1/4"  | 282       | 0,4       |
| 130523                | ProTronic Plus 30  | 1,5 - 30        | 1/4"  | 292       | 0,4       |
| 130512                | ProTronic Plus 100 | 5 - 100         | 3/8"  | 458       | 1,2       |
| 130513                | ProTronic Plus 100 | 5 - 100         | 1/2"  | 462       | 1,3       |
